Building trust #3 (Soligorsk)

EDUCATION

Brest State Technical University

2010-2015

Civil Engineer

IT Step Academy

2020-2021

Frontend(REACT)developer

RS School

2021

Frontend(REACT)developer

EnglishPapa

2021

A2 - B1 (middle between pre-intermediate and intermediate)

ABOUT ME

I am Sergey Zhulym, graduated from full-time studies at the Brest State Technical University in 2012. For six years I worked as an engineer of industrial and civil construction in Belarus, Venezuela and Belgium.

Since 2020, I have been interested and studying frontend development. At the moment, I have graduated from the IT Step Academy, Rolling Scopes School and an EnglishPapa school (level B1) and I continue to develop in this direction.

LINKEDIN

CODE EXAMPLE

```javascript
export const sendRequest = async (
    path,
    query,
    method = 'GET',
    body = {},
    headers = {},
) => {
    const requestUrl = `${baseUrl}/${path}?access_key=${apiKey}${query}`;
    const options = {
        method,
        mode: 'cors',
        headers: {
            ...headers,
        }
    };

    if (method === 'POST' || method === 'PUT') {
```

```
        options.body = JSON.stringify(body);
    }

    const response = await fetch(requestUrl, options);

    const contentType = response.headers.get('Content-Type');

    if (contentType === 'application/json; Charset=UTF-8') {
        return await response.json();
    }

    throw new Error('Unexpected content type');
};
```
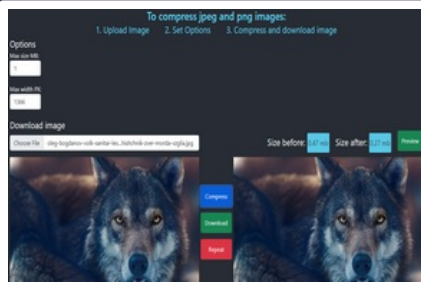

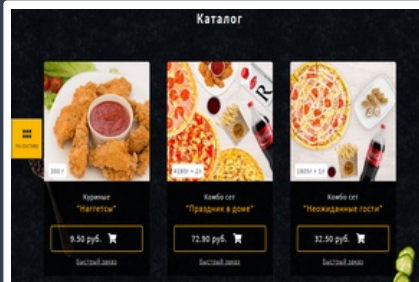

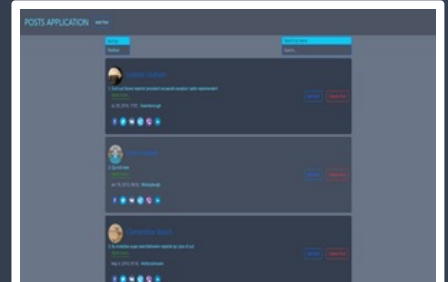

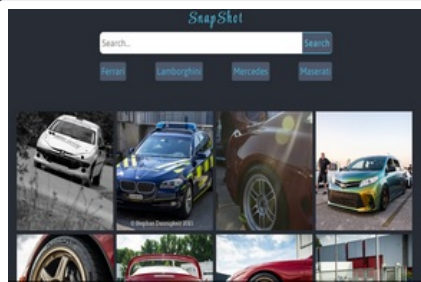

SOME OF MY PROJECT

Compressor App
Image Compression Application
(React)

Nasha Pizza Catalog
Catalog landing page for ordering pizza, etc.
(Html, Css, JS)

Posts App
An applic. for adding deleting editing posts
(React)

Snap Shot App
An application for searching diff. images
(React)

Todo App
An application for compiling a list of tasks
(React)

Welcome To Hi-Tech
Landing page for welcome yo hi-tech
(Html, Css, JS)
